Eternal Link Hold & Win Gold

During the base game or *Bonus*, 6 or more Gold Ball Scatter Symbols appearing in any position on the reels trigger the *Eternal Link Hold & Win Gold Bonus*. Triggering the *Eternal Link Hold & Win Gold Bonus* awards 3 respins.

The bonus begins with game position 1 active. If 9 or more Gold Ball Scatter Symbols appear on the reels in the triggering spin, game position 2 is also activated.

Each Gold Ball Scatter Symbol on the reels appears with a cash prize, or a Gold Major, Gold Minor, or Gold Mini prize icon.

Prize values are shown in currency and are pre-multiplied by the coin value of the triggering spin.

Each unlocked symbol position in all 4 game positions is a separate reel during the respins. Only Gold Ball Scatter Symbols are available during the bonus.

All symbol positions containing Gold Ball Scatter Symbols in game position 1 lock for the remainder of the bonus.

Collect the number of required Gold Ball Scatter Symbols displayed on an inactive game position to activate that game position:

- 9 Gold Ball Scatter Symbols in game position 1 activate game position 2
- A total of 18 Gold Ball Scatter Symbols in game positions 1 and 2 activate game position 3
- A total of 32 Gold Ball Scatter Symbols in game positions 1, 2, and 3 activate game position 4

If a Gold Ball Scatter Symbol appears on 1 or more unlocked reels in an active game position after a respin, the number of respins remaining resets to 3, the number of Gold Ball Scatter Symbols appearing on unlocked reels in active game positions are collected in each unlock meter, and all symbol positions

containing Gold Ball Scatter Symbols in all game positions lock for the remainder of the bonus.

If the required number of Gold Ball Scatter Symbols have been collected for a game position, that game position is activated for that respin and the remainder of the bonus.

Wins are evaluated in active game positions after all awarded respins have been played or after all reels in all game positions have locked. Any respins remaining after all reels in all game positions have locked are not played.

If 15 Gold Ball Scatter Symbols appear on the reels in an active game position, the Grand prize is awarded. Only 1 Grand prize may be awarded per bonus.

Each Gold Ball Scatter Symbol appearing with a Major, Minor, or Mini prize icon in an active game position awards the Major prize, Minor prize, or Mini prize.

All values appearing with Gold Ball Scatter Symbols in active game positions are also awarded.

The *Eternal Link Hold & Win Gold Bonus* continues until no respins remain or until all reels have locked, with all accumulated wins awarded to the player.

More than 1 prize may be awarded during the *Eternal Link Hold & Win Gold Bonus*.

Different reels are used during the *Eternal Link Hold & Win Gold Bonus*. Different reels are used for each game position. Reels are determined at the start of each respin and depend on the number of locked Gold Ball Scatter Symbols on the reels.

Eternal Link Hold & Win Red

Any combination of 6 or more Gold Ball Scatter Symbols and Red Ball Scatter Symbols with at least 1 Red Ball Scatter Symbol in any position on the reels during the base game or *Bonus* awards the *Eternal Link Hold & Win Red Bonus*. 3 respins are awarded.

The bonus starts with game position 1 active. If 9 or more Gold and Red Ball Scatter Symbols appear on the reels, position 2 is activated.

Each Red Ball Scatter Symbol on the reels appears with a cash prize, or a Red Major, Red Minor, or Red Mini.

Each unlocked symbol position in all 4 game positions acts a separate reel during the respins. Only Gold and Red Ball Scatter Symbol are available.

All reels containing Gold or Red Ball Scatter Symbols in position 1 lock for the rest of the bonus.

Collect the required Gold and Red Ball Scatter Symbols to activate a game position:

- 9 Gold and Red Ball Scatter Symbols in position 1 activate position 2.
- 18 Gold and Red Ball Scatter Symbols in positions 1 and 2 activate position 3.
- 32 Gold and Red Ball Scatter Symbols in positions 1, 2, and 3 activate position 4.

Each Red Ball Scatter Symbol appearing on an unlocked reel in an active game position after a respin is placed on an unlocked reel in 1 or more sequentially higher game positions with the same value or prize icon as the original Red Ball Scatter Symbol.

If a game position is activated after a respin, each Red Ball Scatter Symbol appearing in that game position is placed on an unlocked reel in 1 or more sequentially higher game positions with the same value or prize as the original Red Ball Scatter Symbol.

The Red Ball Scatter Symbol is not placed in a game position with 14 Gold and Red Ball Scatter Symbols on the reels.

If Gold and Red Ball Scatter Symbols appear on 1 or more unlocked reels in an active game position after a respin, the number of respins remaining resets to 3, each unlock meter is decreased by the number of Gold and Red Ball Scatter Symbols appearing on unlocked reels in an active game positions, and all reels containing Gold or Red Ball Scatter Symbols lock for the rest of the bonus.

If the required number of Gold and Red Ball Scatter Symbols have been collected for a reel position, that position is activated for that respin and the remainder of the bonus.

Wins are evaluated in active game positions after all awarded respins have been played, or after all reels in all positions have locked. Any respins remaining after all reels in all positions have locked are not played.

If 15 Gold and Red Ball Scatter Symbols appear on the reels in an active game position, the Grand prize is awarded. Only 1 Grand prize may be awarded per bonus.

Each Red Ball Scatter Symbol appearing as Red Ball Major, Red Ball Minor, or Red Ball Mini in an active game position awards the Major, Minor, Mini prizes, respectively.

All values awarded with Gold and Red Ball Scatter Symbols in active game positions are also awarded.

The *Eternal Link Hold & Win Red Bonus* continues until no respins remain or until all reels have locked, with all accumulated wins awarded to the player.

The Red Ball Scatter Symbol can duplicate onto higher positions, whether inactive or active, and have higher cash values.

Different reels are used during the *Eternal Link Hold & Win Red Bonus*. Different reels are used for each game position. Reels are determined at the start of each respin and depend on the number of locked Gold Ball Scatter Symbols on the reels.

Eternal Pot Feature

After the reels stop spinning, 1 to 5 Gold or Red Ball Scatter Symbols appearing in any position on the reels in a base game or bonus spin may trigger the *Eternal Pot Feature*.

If awarded, the pot places 1 to 5 additional Gold or Red Ball Scatter Symbols on the reels for a total of 6 Gold or Red Ball Scatter Symbols.

If the *Eternal Pot Feature* is triggered and no Red Ball Scatter Symbols appear on the reels, the *Eternal Link Hold & Win Gold Bonus* is awarded. If the *Eternal Pot Feature* is triggered and at least 1 Red Ball Scatter Symbol appears on the reels, the *Eternal Link Hold & Win Red Bonus* is awarded. A maximum of 3 Red Ball Scatter Symbols may appear on the reels.

Gold and Red Ball Scatter Symbols cannot be placed on a symbol position containing Bonus, Gold, or Red Ball Symbols.

Bonus

3 Bonus Scatter Symbols on reels 2, 3, and 4 award 10 spins.

The Bonus is played on the same ways at the same coin value as the triggering spin.

During the *Bonus*, 3 Scatter Symbols on reels 2, 3, and 4 award 10 extra spins.

During each spin, 2xWild, 3xWild, 4xWild, and 5xWild multiplier symbols can appear on reels 2, 3, 4, and 5. A maximum of 3 multiplier symbols may appear per spin.

2xWild, 3xWild, 4xWild, and 5xWild are wild and substitute for all symbols except the each other, Bonus, Gold Balls, and Red Balls.

Each 2xWild, 3xWild, 4xWild, and 5xWild that substitutes in a **MultiWay** win multiplies the pay for that win by 2x, 3x, 4x, or 5x, respectively.

More than 1 multiplier symbol may substitute and multiply in a **MultiWay** win, up to 24x.

The Bonus ends when 0 spins remain or after 60 spins have been played.

Different reels are used during the *Bonus*.

If the *Eternal Link Hold & Win Gold Bonus* or *Eternal Link Hold & Win Red Bonus* is awarded during the spins, the Bonus continues after the end of the *Hold & Win Bonus*.
