WILD

x3 -
x4 -
x5 -

Wild Symbols, in addition to allowing normal wins, can substitute for any other symbols, save for special symbols.

SPECIAL SYMBOLS

Special symbols are winning symbols regardless of where they appear.
These winnings always add to other winnings and may allow the player to participate in "special" games.

FREE SPINS

3 Free Spin symbols landing anywhere on reels 1, 2 and 3 activate the Free Spin mode.

Base win

3 Free Spin symbols: Total Bet x 5 + 1 spin with x1 multiplier

The player has 3 wheel spins, with the following potential wins:

- +1, +2, +3: Free Spins increase by the corresponding number
- x1, x2: the multiplier increases by the corresponding number
- MINOR, MEDIUM, MAJOR: Total Bet winnings increase by x10, x50, x200 respectively.

Each choice probability is based on the following table:

- Free Spin + 1 (36,00%)
- Free Spin + 2 (17,00%)
- Free Spin + 3 (12,00%)
- Free Spin X1 (16,00%)
- Free Spin X2 (8,00%)
- MINOR (8,00%)
- MEDIUM (2,00%)
- MAJOR (1,00%)

The base bet and paylines played remain unchanged.

Note: any winnings awarded in the Free Spin mode will always add to the winnings awarded in the normal playing mode.

3 "Pumpkin" symbols landing anywhere on reels 3, 4 and 5 activate the Bonus mode.

The player chooses one of 6 pumpkins; if the chosen pumpkin reveals the treat, the player will level up and will be able to make another choice.

If the pumpkin reveals a trick instead, the game will be terminated and the player will be awarded the prize associated with the level reached.

The game will also end if the player reaches level 6.

Level	Payout
1	Total Bet x 10
2	Total Bet x 15
3	Total Bet x 25
4	Total Bet x 50
5	Total Bet x 100
6	Total bet x 200

The player participates in each spin of the slot game with 30 paylines, which are fixed and can't be changed.
The minimum base bet is equal to , while the maximum base bet is equal to
Each base bet is multiplied by the paylines.

All symbols (except for special symbols) only pay out if they appear consecutively, from left to right, on one or more paylines.
Only the highest win is paid on a single payline, while simultaneous wins on different paylines will add up.
A win resulting from a combination will be calculated as follows: "base bet" x "winning combination multiplier".

RTP

The RTP for this game is 94.49%.

MALFUNCTIONING

Any malfunction voids all plays and payouts. The game provider shall not be liable for any losses or interruptions caused by technical issues related to the player's device or connectivity. In such cases, the remaining credit is determined based on the last move properly completed and communicated to the player before the interruption. If the malfunction occurs during a bonus feature or free spins, upon restart the system shall make random choices, calculate the winnings, credit the remaining balance, and close the session.

BUTTON PANEL AND MENU

BUTTON PANEL

Name	*Description*
	Opens the game's rules.
	Starts reel rotation for multiple times in a row. Ends the Auto Start reel mode. Autoplay can be disabled anytime by the operator.

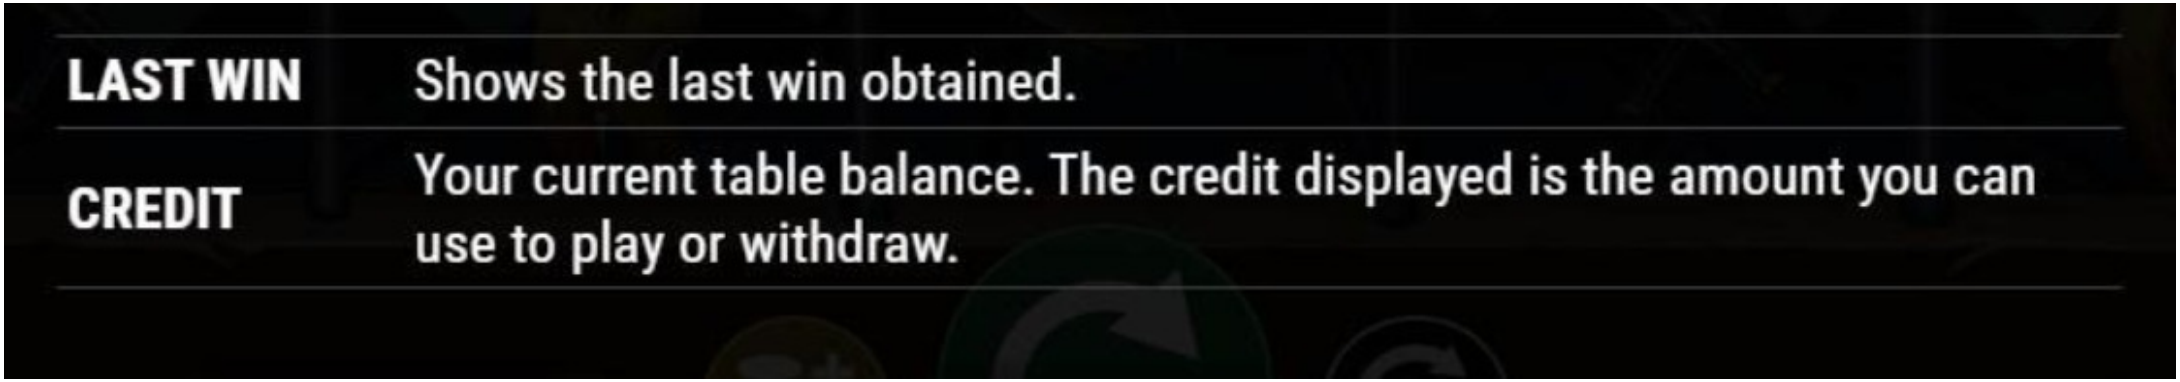

Allows to select the value of the total bet.

Starts reel rotation.

Stops the reel animation and immediately displays the outcome of the spin.

Any game in progress for more than 35 days will be cancelled, and the corresponding bet will be refunded.

Winnings are paid according to the payout table. Notwithstanding the foregoing, should an upper winning limit be specified, said limit will prevail. However, the upper limit may be unreachable depending on the game's bet configurations.

Some features, such as Buy Bonus, Buy Pass, Fortune Spins, Feature Buy, Turbo and Speed Spins, some other configurable features and additional bets may not be available.

Paylines are evaluated from left to right, beginning with the leftmost reel.
